When we took admission in school ...we wondered how our son would manage. We expected him to cry a lot. We were totally blank as to what to expect. But a special thanks to Dhanashree madam and her team who have taken great efforts. There has been a lot of improvement in Ved, and I once again thank her team for this sweet and wonderful journey. We will always cherish this.

LOOKING BACK WITH JOY.

It was a year filled with great joy and opportunity. With lots of laughter and learning too. Come discover all that we did last year.

RICHMOND PRE-SCHOOL. SETTING THE RIGHT STANDARD.

At Richmond International Pre-School we believe that your child's formative years are the most crucial aspect of the upbringing process. With that understanding we ensure that the children in our care participate in various activities and also learn more about themselves through various activities like play, yoga, communication, festive celebrations and more.

GETTING THE RIGHT BEGINNING.

Combining Playway and Montessori methods creates a conducive learning environment. Our nursery division encourages learning about letters, basic maths concepts and also social skills. Focused towards pre-learning, we create a fertile mindset in the child so that future learning will be easily grasped.

THE YEAR THROUGH THEIR EYES.

It has been an exciting year at Richmond. We take pride in all that has been achieved and all that the children have learned. Helped in no small measure by our experienced and well proven teachers, we look with great pride on the past... and with hope towards our children's future.
